IMPROVEMENTS BEING MADE NEWBERRY CIRCUIT PARSONAGE

The Rev. W. R. Bouknight, the pastor of the Newberry circuit, is one of those preachers who believe in doing things. He is a worker as well as a good preacher and keeps everlastingly at it. And you know that is what brings success.

Since he took charge of the Newberry circuit he has added many members to the churches of the circuit and has awakened an interest in all church work. The church at Trinity has been enlarged and is now one of the most complete and convenient of country churches.

The parsonage which is located in the city is now undergoing repairs and has every appearance of a new building. The porches, front and rear, have been overhauled and a new roof put on the entire building and a nice and convenient study arranged in the up stairs as well as a fresh coat of paint on the entire building. And the fence enclosing the yard has been put up and the appearance of the whole is that of some one being about there who does things. The improvements to the building will cost about \$500.

HOLLOWAY SUPERINTENDENT GRANITEVILLE SCHOOLS

The Herald and News in the last issue made brief mention of the election of Prof. J. B. O'N. Holloway as superintendent of the Graniteville schools. Prof. Holloway is a teacher of large experience and ripe scholarship and has made a special study of school work. He has prepared many young men and young women for college and we used to hear the college professors speak in the very highest terms of the work he did and what a pleasure it was to receive and teach pupils who had their first training under the tutelage of Prof. Holloway.

For several years he has been principal of the city high school and his work here has been of the highest order as those who have worked with him as well as those whom he has taught will bear witness.

The Graniteville schools are among the best in the State. They have been under the direction of Mr. Graves L. Knight for a good many years and rank very high. Mr. Knight retires voluntarily from the work. Mr. and Mrs. Holloway will move to Aiken and thus Newberry will lose two good citizens, whom we hope some day to see return to our midst. The best wishes of many friends will go with them to their new home and the hope that Mr. Holloway will be given the greatest success in his new field.

News of Union Academy.

Prosperity, July 12.—Those low rainy clouds have passed away and the sun is beaming down upon us again much to our delight.

During the recent wet spell "Gen. Green" has gained such headway until it will take mighty favorable weather to give him a complete defeat in places. Some of us were waiting to see the sunshine again very much.

But we generally think it is either "too wet" or "too dry." It would be wonderful if everybody was pleased with the weather or anything else at one time.

The following little poem strikes most of us a pretty good blow:

As a rule, man's a fool,
When it's hot he wants it cool,
When it's cool he wants it hot,
Always wanting what is not.

We don't remember just where we saw the above poem but it fits human nature so well till we will just pass it on.

The crops are looking well in most places considering so much rain.

Last Sunday morning was a rainy time but a good size congregation attended services at Colony at which time communion services were held and seven new members were added to the church, six by confirmation and one by letter. The Rev. Mr. Boland preached an excellent sermon on the celebration of the Lord's supper from 1st Corinthians, 10-16.

Communion services will be held at Bachman Chapel on the fourth Sunday afternoon in this month at the regular hour for service. The Rev. J. B. Harmon will hold these services. The public is cordially invited.

Mr. T. J. Wilson, who has been confined to his room for nearly five weeks, is able to be out again.

Leroy, the baby boy of Mr. and Mrs. I. H. Wilson, is better after a recent attack of sickness.

Mr. Wilbur Epps of near Newberry spent Monday night at the home of Mr. T. L. B. Epps.

Mr. and Mrs. W. B. Franklin visited at the home of Mr. E. S. Franklin near Batesburg from Saturday until Monday.

A daughter has been added to the family of Mr. and Mrs. Lawes Gallman since our last article and a son to Mr. and Mrs. Herman Wilson.

Johnnie Fellers, one of our Colony boys, has joined the army and is with the regiment which is expected to go to the border at any time. We miss Johnnie but we are glad that some are anxious to go. We don't have any special desire to enlist. Our nation will have to be defended.

Mr. John C. Wicker, who lost his dwelling several weeks ago by fire, has his new one near enough complete to move in now. It has been a very busy time for him in building this new one.
